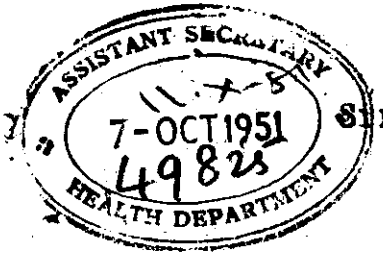
MEDICAL DEPARTMENT.

From

Dr. K. Vasudeva Rao, M.D., F.R.C.P.(Edin), TDD (Wales),
Director of Medical Services, Madras 6.

To

The Secretary to Government, Health Department,
M A D R A S.



Ref.No.75510-3-B/51 dated 4-10-51.

Sir,

Sub:- Grant - Capitation - St. Joseph's Leprosy Hospital and Asylum, Kankanady, Mangalore - Payment of grant for the year 1951-52.

Ref:- G.O.No.3027 Health dated 29th August 1950.

---

I forward herewith, for the orders of Government the applications received from the Director, St. Joseph's Leprosy Hospital and Asylum, Kankanady, Mangalore for the payment of capitation grants due to the institution for the quarter ending 31st March 1951 and 30th June 1951 together with the Statements showing the daily average number of inpatients treated in the institution during the two quarters and also the Inspection Reports of the District Medical Officer, South Kanara who visited the institution on 12-4-1951 and 12-7-1951

2. It will be observed from the inspection reports of the District Medical Officer, South Kanara that the institution has satisfied the revised conditions of grant laid down in G.O.No.3027 Health dated 29th August 1950 with the exception of conditions Nos.3 and 4. Condition 3 lays down that only infective cases should be treated as in-patients in Private Leprosy Homes which receive capitation grants from Government. Although no new non-infective cases were admitted since 1-1-1951 in the institution there were old cases in the home and it is reported that the old non-infective cases are being discharged in batches as it is not possible to discharge all of them at once. The non-infective cases are not included in the daily average number of patients entered in the attached statements and no grant is claimed in respect of them. In this connection a reference is invited to Government Memo.No.41715-A/51-2-L, Health dated 31-8-51 in which the question of admission and

p.t.o.

treatment of non-infective cases of leprosy in private leprosy Homes has been taken up for further consideration. Pending a final decision on this question, the grant due to the St. Joseph's Leprosy and Asylum, Kankanady Mangalore may be paid.

There are two European Nuns working as Nurses in this institution of whom one is registered under the Madras Nurses' and Midwives' Act, 1926. The other possesses a foreign qualification having been trained in the Hospital of Sisters of Charity, Milan, Italy. Both the nuns have been working as Nurses for 13 years. There is some difficulty in regard to the registration of Nurses with foreign qualifications under the State Act. In the circumstances I recommend that capitation grant due to the St. Joseph' s Leprosy Hospital Asylum, Kankanady for the four quarters ending with 31st March 1952 may kindly be ordered to be paid by relaxing the two conditions referred to above.

The amounts of grant payable to the institution for the quarters ending 31-3-1951 and 30-6-51 are Rs.2295/- and 2484/- respectively.

The enclosures may kindly be returned along with the orders of Government at a very early date.

Yours faithfully,

for Director of Medical Services.

P 2 (1)

According to the present policy of the Govt. only infective patients should be admitted and maintained as in-patients in the leprosy institutions maintained by the State and in private leprosy institutions, which are in receipt of capitation grants from the State funds. The question of reviewing the above policy is under consideration. The matter is under correspondence with the D.M.S. A decision on the above question may be awaited in this case.
